To whom it may concern,

Namdar Realty Group employed Yvan Kashanian full time as our Director of Marketing. He worked very closely with Management and the President to facilitate the conception of our new website to launch the expansion of our portfolio.

As part of his responsibilities, Yvan Kashanian managed the social media pages for over 50 of our properties. In addition to his excellent work on our websites, he created a line of interactive and innovative kiosks for our major malls. His knowledge, drive and creativity were truly valuable to our company during his employment here.

If you would like additional information about Yvan Kashanian, please feel free to contact me at (516) 773-0010 ext 117.

Sincerely,
